This detached bungalow was built in the early 1960's and is located on a fairly quiet road, just 5 minutes walk from the seafront at Thornton-Cleveleys in Lancashire. There is, however, a large hotel also 5 minutes walk away which has nightly entertainment, but it is not disturbing. Within easy walking distance are convenience stores, a café & 2 takeaways. The small town of Cleveleys is just 1 mile from the house, & Blackpool is 1½ miles away.

This is a great area to holiday having a lovely coastline as well as interesting towns & villages nearby. See local website:- <http://www.visitwyre.co.uk/areas-to-visit/thornton-and-cleveleys>

The bungalow has a small secluded back garden with a fishpond and gazebo, & garden table & chairs. They have a south-facing sun lounge and a large kitchen. There are wonderful promenade walks that stretch for 11 miles! They have off-road parking.

Cleveleys Community Church has a morning congregation of around 50 people & there is a good mix of traditional & contemporary styles of worship. There are Bible study groups & a monthly men's breakfast & women's social. There are many daily events too as this is a community centre.
