This mid 1950's terraced house is situated on a quiet road in the town of Swinton, 8 miles north west of Manchester. While on the edge of the City it has very easy access to the centre whether by car, bus or train. This is a great location for exploring the thriving city which has so much to offer as well as being near a range of interesting towns, villages, National Trust properties and not far from some beautiful countryside. On the local train it takes just 15 mins into the city centre. It's 50-60mins to the nearest beaches, and 45 -60 mins to the Lake District, a place of astounding natural beauty

As well as the usual amenities in the house they have Netflix and Virgin TV. The medium, enclosed garden has shrubs on each side, a large tree, is partly laid to lawn and some soil where the children play football. There is an area of decking, garden table & chairs, a barbecue and a trampoline. The nearest shops and eating places are all within 5 minutes walk. There is a highly rated Italian restaurant nearby, and a selection of takeaways, & two supermarkets. There is off-road parking.

The family attend Victory Outreach Church in Manchester. This is a very welcoming church with activities for children during the Sunday services, and to which 100+ people attend the morning services. More info on their website:- www.vomanchester.org.uk/
