This detached house was built 10 years ago and is in a quiet location in a large new build area, well connected by car/bus to Cambridge city centre. Cambourne is a new town 10 miles west of Cambridge and surrounded by fields, countryside and attractive Cambridgeshire villages. The nearest shops and eating places are just 5-10 minutes walk. Cambridge is well known as a thriving university city and has so much to offer the holiday-maker, with many places of interest, and things to do for all age groups.

The house is spacious and arranged over 3 floors. The ground floor features an open plan kitchen/dining room/lounge and a separate playroom/spare bedroom and downstairs toilet. The dining room is in a conservatory setting which opens out to the garden. Two of the bedrooms have en-suites and the two large attic bedrooms share a bathroom. There is a TV in the lounge capable of playing DVDs.

The medium-sized private enclosed rear garden consists of a lawn and patio with a picnic bench area, and there is also a table tennis table. There is plenty of space to park on the road outside and one parking bay to rear of the property; also a space on the driveway behind the gates.

The family attend Christ Church Cambourne where about 60 people meet on Sunday mornings in Cambourne Village College. The church started 5 years ago and there is a good mix of traditional and contemporary styles of worship. More info on their website:- www.christchurchcambourne.org.uk

This is a lovely spacious home that we were able to relax in during an early summer heatwave. We enjoyed some trips into Cambridge, which was a short drive away. We were fascinated by the robot home delivery shoppers, who come with an order direct to your door!.
